Senator Murray:

Re: HR1285 Snoqualmie Pass Land Conveyance Act

We at KCFD #1 would like to voice our strong support for Snoqualmie Pass Fire and Rescue #51 for the purpose of obtaining a parcel of U.S. Forest Service Land to build a new fire station.

It is imperative that Snoqualmie Pass Fire and Rescue relocate to a bigger and more efficient fire station. This will be crucial in building the overall infrastructure plan for fire protection within their area and also providing better mutual aid response with their neighboring fire districts.

Please consider this very important legislation.

Sincerely,

DJ Evans,
KCFD#1 Chief
